

## Anti human PTX3 mouse monoclonal antibody

Pentraxin 3

PP-PPZ1724-00	In order			
		Application / Recommended Concentration In order to obtain the best results, optimal working dilutions should l determined by each individual user.		
PPZ1724	Westerr	- 	1 ug/mL	
A-2				
1 mg/mL	Non red	ucing Western Blot	1 ug/mL	
100 uL	ELISA		Decide by use	
G2a	Immuno	precipitation	Not yet tested	
Description Pentraxins are a superfamily of conserved proteins characterized by the pentraxin domain. CRP and SAP are recognized as classical short pentraxins, whereas Pentraxin3(PTX3) belongs to the long pentraxins. CRP and SAP are induced in the liver in response to IL-6. In contrast, PTX3 is produced by	Supersh	nift Assay	Not yet tested
